Boiler Room

7208	Boiler Room	Cleaver Brooks	100	<p>One (1) 1988 100 HP Cleaver Brooks, 4 pass dry back, gas & No. 2 fired, 150 PSI design pressure. The boiler will be cleaned on the fireside, waterside, inside, and painted. The boiler pressure vessel, tubes, trim piping, blowdown piping, and blowdown valves will be hydrostatically tested. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler will be electrically and mechanically checked throughout to identify and replace any defective or obsolete components. We guarantee that the tubes pressure vessel are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on new controls. One (1) Boiler Feed Water System, consisting of one 100 gallon atmospheric tank cleaned and painted to match the boiler, two new Grundfos pumps, level controls, steam preheater and temperature controls. One (1) Blowdown Tank, with National Board No., with automatic after-cooler, cleaned and painted to match the boiler</p> <p>One (1) New Duplex Water Softener One (1) New Chemical Feed System</p> <p>The above equipment will be installed in a 20' Shipping Container which will be complete as follows:</p> <ul style="list-style-type: none"> - 110 Lighting, Outlets, and Switches - Single Point Main Power Connection to match customer's voltage at Exterior of Container. - Door Way (No Windows) - Fixed Louver (48 in. x 48 in.) - New Stack - One (1) electric heater mounted inside the container - New switch gear - Pipe and wire all equipment. <p>Pictures are before the reconditioning, and price includes loading the boiler, room and additional equipment onto your truck.</p>	1988	Southeast

Burners Radiant Wall (36)

21-BN-1	Burners Radiant Wall (36)	Zeeco	1	<p>Zeeco radiant wall round flame burners, model RWSF-4. Shop order 17928. Fired with natural gas or syngas. Heat max per burner is 1.25 MMBTU, normal heat is 1.1 MMBTU. Gas line 3/4 inch, pilot line 1 inch. Physical size is approx 22" x 22" x 44" OAL. Lo-NOx, side fired. Stable flame over a wide range of conditions. Total Heat Load for all burners is 19.8 MM BTU/HR. Qty 36 - priced for all, includes removal and loading on your truck.</p>	2009	Soperton, GA
---------	---------------------------	-------	---	--	------	--------------

Burners Ultra Lo NOx (4)

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location
21-BN-1	Burners Ultra Lo NOx (4)	Zeeco	Zeeco round flame gas burners model GLSF-14 Free Jet Ultra Lo NOx - predicted 6 ppmv to 20 ppmv. Shop order 17928. Maximum heat per burner is 11 MMBTU, normal heat 9 MMBTU each. Operates on natural gas or syngas. Flame stable over a wide range of conditions - Turndown 10:1 or greater. Mounting options up-fired or side-fired. Max predicted flame 16.4 ft, max predicted width 2.5 ft. Total Heat duty for all 4: 44 MM BTU/Hr. Quantity (4) - priced for all, includes loading on your truck. Gas train skid available for these 4 burners - see item 21-BMR	2009	Soperton, GA

Deaerator

7176	Deaerator	PMI Industries	0	Deaerator for water feed to steam system. Mfg by PMI Industries, made by Hall Tank. Spray tray design for 28,000 #/hr steam. ASME Nat'l Bd #95 MAWP 50 psi at 500F. Serial # 126-861. Size approx 3 ft 6 in dia x 10 ft s/s x 11 ft OAL x 8 ft 6 in OAH. Dry weight 3000 pounds. See multi-page drawing for more details	1986	Vernon, CA
------	-----------	----------------	---	--	------	------------

Dowtherm Vaporizer

7175	Dowtherm Vaporizer	First Thermal	4	First Thermal Dowtherm Vaporizer, capacity 4 MMBTU/hr output with 5.5 MMBTU input. Serial number 47351. Designed to burn #2 fuel oil or natural gas. Includes gas train and 1 fuel pump. Burner is by Tower Flame. Heat transfer area 787 sf, max temp design 650F. Size approx 67 in dia x 202 inch long. Dry weight 19,500 pounds. Removed - ready to load. See multi-page drawing for more details	1986	Vernon, CA
6922	Dowtherm Vaporizer	IC First Thermal	5	IC First Thermal (Eclipse) Dowtherm firetube vaporizer, capacity 5 MMBTU at 135 psig. Burns natural gas, has 5 HP motor fan blower. Built in 1975, Serial number 44910, ASME Nat'l Bd# 41254. Repaired in 2004 by Industrial Boiler and Mechanical (Chattanooga). Physical size is approximately 6 ft dia x 12 ft long + blower section. Currently vaporizes Dowtherm but can be converted into a Thermal Fluid Heater for use with such oil heater products as food safe MobilTherm. Was in operation until February 2013.	1975	Chattanooga, TN
3067	Dowtherm Vaporizer	Foster Wheeler	8	Foster Wheeler Dowtherm package boiler (vaporizer). 8 MMBTU, wet tube package boiler, natural gas fired. Built 1991, installed 1992, in operation until March 2013. Boiler is in very good shape, still installed. ASME Serial # 6972 Contract 52-3178-1. OIN 5-937863. 150 psi. 1722 sq ft heat transfer area. Currently vaporizes Dowtherm but can be converted into a Thermal Fluid Heater for use with such oil heater products as food safe MobilTherm. Weight is approximately 60,000 lbs.	1992	Chattanooga, TN
3268	Dowtherm Vaporizer	First Thermal	8	First Thermal Dowtherm vaporizer boiler, firetube, rated at 8 MMBTU. Model 8000MV-NA-C60-IRI-N12, serial 48323, S.O. # 71773. 11.32 MMBTU in/8 MMBTU out. 1725 sq ft heating surface. Operating temp max 700 F. Fires on natural gas or #2 fuel oil. Two safety valves - set at 90 psig. Can be used to run 2 deodorizers rated at 150 tons each. Built in 1993. Comes with air compressor, safeties. Tube sheet is warped. Was running until June 2004. Some rust and will need a few firetubes replaced.	1993	Chattanooga, TN

Firetube Boiler

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location	
7205	Firetube Boiler	Cleaver Brooks	40	One (1) 2003 40 HP Cleaver Brooks, 4 pass dry back, gas fired, 15 PSI design pressure. The boiler will be cleaned on the fireside, waterside, inside, and painted. The boiler pressure vessel, tubes, trim piping, blowdown piping, and blowdown valves will be hydrostatically tested. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler will be electrically and mechanically checked throughout to identify and replace any defective or obsolete components. We guarantee that the tubes pressure vessel are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on new controls. Price includes loading the boiler on your truck.	2003	Southeast
7128	Firetube Boiler	Cleaver Brooks	80	Cleaver Brooks 80HP Firetube Boiler. Built in 1984. 4 pass dry-back with steam at 150psi. Burner is Cleaver Brooks and runs on gas. Two boilers available (priced separately). Boilers shown and priced " as is, where is " but will be electrical tested & hydro tested. Boilers can be offered as " reconditioned " for an additional cost each.	1984	Southeast
7129	Firetube Boiler	Cleaver Brooks	80	Cleaver Brooks 80HP Firetube Boiler. Built in 1990. 4 pass dry-back with steam at 150psi. Burner is a Cleaver Brooks and runs on gas. Boiler is " as is ", but can be offered reconditioned for an additional price. Price includes loading boiler on your truck.	1990	Southeast
7089	Firetube Boiler	Cleaver Brooks	100	Cleaver brooks 100HP Firetube Boiler. Built in 1982. 150psi, runs on gas. Two boilers available. Pictures show boilers " as is ". Boilers will be reconditioned : cleaned, painted, new controls, with a one year warranty on the controls. Guaranteed to pass hydro test and electrical test. Boilers are priced separately. Price includes loading the boiler on your truck.	1982	Southeast
7256	Firetube Boiler	Cleaver Brooks	100	One (1) 1978 100 HP Cleaver Brooks Boiler, 4 pass wet back, gas / #2 oil fired, with a Cleaver Brooks Burner, 150 PSI design pressure. Price includes loading the boiler on your truck.	1978	Southeast
7257	Firetube Boiler	Cleaver Brooks	100	One (1) 2000 100 HP Cleaver Brooks Boiler, 4 pass wet back, #2 oil fired, with a Cleaver Brooks Burner, 150 PSI design pressure. Price includes loading the boiler on your truck.	2000	Southeast
7206	Firetube Boiler	Cleaver Brooks	125	One (1) 1981 125 HP Cleaver Brooks, 4 pass dry back, No. 2 or 5 oil fired, 150 PSI design pressure. The boiler will be completely re-tubed. The boiler will be cleaned on the fireside, waterside, inside, and painted. The boiler pressure vessel, tubes, trim piping, blowdown piping, and blowdown valves will be hydrostatically tested. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler will be electrically and mechanically checked throughout to identify and replace any defective or obsolete components. We guarantee that the tubes pressure vessel are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on new controls. Price includes loading the boiler on your truck.	1981	Southeast
7130	Firetube Boiler	Cleaver Brooks	150	Cleaver Brooks 150HP Firetube Boiler. Built in 1992. 4 pass dry-back with steam at 150psi. Cleaver Brooks burner and runs on gas. Price includes loading boiler on your truck.	1992	Southeast

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location	
7207	Firetube Boiler	Cleaver Brooks	150	One (1) 1987 150 HP Cleaver Brooks, 4 pass dry back, gas fired, 15 PSI design pressure. The boiler will be cleaned on the fireside, waterside, inside, and painted. The boiler pressure vessel, tubes, trim piping, blowdown piping, and blowdown valves will be hydrostatically tested. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler will be electrically and mechanically checked throughout to identify and replace any defective or obsolete components. We guarantee that the tubes pressure vessel are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on new controls. Price includes loading boiler on your truck.	1987	Southeast
7166	Firetube Boiler	Johnston	200	Johnston 200HP Firetube Boiler. Built in 1998. Steam at 250psi, and boiler runs on gas & oil. Boiler offered " as is " and is in excellent condition." Boiler is approximately 10 feet tall and 9 feet long. Price includes loading boiler onto your truck.	1998	Southeast
7209	Firetube Boiler	Cleaver Brooks	200	One (1) 1997 200 HP Cleaver Brooks CBE, 3 pass dry back, 150 PSI design pressure, natural gas and No. 2 oil fired. This boiler will be cleaned on the fireside, waterside, outside, and painted. The pressure vessel, tubes, trim piping, blowdown piping and blowdown valves will be hydrostatically tested. New electrical and control panels will be installed. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls, and Honeywell Mod Motor will be installed. The boiler will be totally re-wired. The boiler will be mechanically and electrically checked throughout to identify any defective or obsolete components. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on controls. Price includes loading the boiler onto your truck.	1997	Southeast
7210	Firetube Boiler	Cleaver Brooks	200	One (1) 1997 200 HP Cleaver Brooks boiler, 4 pass dry back, gas and No. 2 oil fired, 150 PSI design pressure. The boiler will be completely re-tubed. The boiler will be cleaned on the fireside, waterside, outside, and painted. The boiler pressure vessel, tubes, piping, and blowdown valves will be hydrostatically tested. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler will be electrically and mechanically checked throughout to identify and replace any defective components. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on controls. Price includes loading the boiler onto your truck.	1997	Southeast

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location	
7218	Firetube Boiler	Johnston	200	Johnston Boiler 200 HP Reconditioned. 4 pass wet-back design, natural gas and No. 2 oil, 150 PSI design pressure. Built 1996 but will be reconditioned: completely re-tubed, cleaned on the fireside, waterside, outside, and painted. The pressure vessel, tubes, trim piping, blowdown piping, and blowdown valves will be hydrostatically tested. New fireside and waterside gaskets will be installed. The following items will be checked and replaced or repaired if found defective: Sight Glass and Gauge Cocks, Steam Pressure Gauge 0-300 PSI, Stack Temperature Gauge, Pilot Solenoid Valve, Water Level Controls, and the Fireye EP-110 Flame Safeguard Controls with Panel display. New Honeywell High Limit with manual reset, Honeywell Operating Limit, and Honeywell Modulating Limit steam pressure controls. Prior to shipment, the boiler will be receive a simulated test fire to insure that all system are functioning properly. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on all controls. Price includes loading the boiler on your truck.	1996	Southeast
4818	Firetube Boiler	Cleaver Brooks	300	Cleaver Brooks 300 HP Boiler. Year 1976. 4 pass dry back.150 PSI design pressure, gas fired. This boiler will be cleaned on the fireside, waterside, outside, and painted. The boiler pressure vessel, tubes, piping, and blowdown valves will be hydrostatically tested. New electrical and control panels will be installed. All new wiring will be installed. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler has been electrically and mechanically checked throughout to identify and replace any defective or obsolete components. We guarantee that the tubes pressure vessel are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on new controls. 50% deposit required before reconditioning. Shipment ready 4 weeks after receiving down payment. Price includes loading the boiler on your truck. Two boilers available (priced separately).	1976	Southeast
5339	Firetube Boiler	Donlee York	300	Donlee York 300HP Firetube Boiler. Built in 2000. Model SPHV-300-N-200132. This boiler produces steam at 150psi and runs on natural gas. Boiler has been reconditioned. Price includes loading.	2000	Ft Worth, TX
7124	Firetube Boiler	Garioni	300	Garioni firetube boiler 300HP. Type NG5000, serial 7118. Mfg by Garioni, Brescia, Italy. Capacity 5000 kg/hr (11,000 pph steam or about 300 HP at 12 barg max (180 psig). Firetube 2-pass dry back type boiler. Built in 2002 but only used about 6 months. Electrical for controls is 110V 60 Hz. Burner fires on #2 fuel oil - pumps not included. Will need new control panel. Sold As Is - price includes loading on your truck.	2002	Ft Worth, TX
5106	Firetube Boiler	Cleaver Brooks	350	Cleaver Brooks firetube boiler 350HP. 4 pass dry-back - Built 1979, 150 PSI design pressure, gas fired. This boiler will be cleaned on the fireside, waterside, outside, and painted. The boiler pressure vessel, tubes, piping, and blowdown valves will be hydrostatically tested. New electrical and control panels will be installed. All new wiring will be installed. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler has been electrically and mechanically checked throughout to identify and replace any defective or obsolete components. We guarantee that the tubes pressure vessel are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on new controls. Price includes loading the boiler on your truck.	1979	Southeast

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location	
5615	Firetube Boiler	Superior	350	Superior 350HP Firetube Boiler. Built in 1997. 2 pass dry-back. Steam at 150psi. Burner is an IC. Runs on gas. This boiler will be cleaned on the fireside, waterside, outside, and painted. The boiler pressure vessel, tubes, piping, and blowdown valves will be hydrostatically tested. New electrical and control panels will be installed. All new wiring will be installed. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler has been electrically and mechanically checked throughout to identify and replace any defective or obsolete components. We guarantee that the tubes pressure vessel are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on new controls. Price includes loading the boiler on your truck.	1997	Southeast
5622	Firetube Boiler	Superior	350	Superior 350HP firetube boiler. Built in 1980. Steam at 150psi and runs on gas. Boiler has an IC burner, all new controls with a one year warranty on controls and a new flame safe guard. Guaranteed to pass hydro test and electrical test. Reconditioned and ready to ship in two weeks.	1980	Southeast
7216	Firetube Boiler	Hurst	350	One (1) 2000 350 HP Hurst Boiler, 4 pass wet back, gas fired, with a Webster 30 PPM NOx Burner, 150 PSI design pressure. This boiler will be cleaned on the fireside and waterside, painted, and hydrostatically tested. A new Nexus Flame Safeguard/Combustion Control Linkages System will be installed to continuously monitor the fuel/air ratio for maximum combustion efficiency and to control the flue gas recirculation for precise NOx level control. New Honeywell Pressure Controls. All new wiring will be installed. The boiler will undergo a mechanical and electrical check to identify and replace any defective or obsolete components and to insure all system are functional. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on controls. Price includes loading the boiler on your truck.	2000	Southeast
5485	Firetube Boiler	Cleaver Brooks	400	Cleaver Brooks 400 HP firetube boiler. Built in 1992. Model CB-700-400. Serial L-90916. Generates steam at 150 PSI. Natural gas fired with full gas train and gas regulator mounted. Boiler includes CB Hawk programmer system, McDonnell Miller modulating feedwater assembly, and has all bottom blow down valves. Was in operation until it was shut down in September, 2008. Sold As Is but we can also quote you a reconditioned price as well.	1992	Ft Worth, TX
6545	Firetube Boiler	Cleaver Brooks	400	One (1) 1985 400 HP Cleaver Brooks boiler, 4 pass dry back, gas fired, 150 PSI design pressure. The boiler will be cleaned on the fireside, waterside, inside, outside, and painted. The boiler pressure vessel, tubes, piping, and blowdown valves will be hydrostatically tested. New Honeywell 7800L Flame Safeguard Controls (or equal), Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. New control and electrical panels will be installed and the boiler will be completely rewired. The boiler will be electrically and mechanically checked throughout to identify and replace any defective components. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on all controls. Price includes loading boiler onto your truck.	1985	Southeast

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location	
5540	Firetube Boiler	Cleaver Brooks	500	Cleaver Brooks 500HP Firetube Boiler. Built in 1999. Model #CB-700-500-LE (low emissions), Serial # 0L098734. Produces steam at 150psi. Runs on natural gas. Boiler is used " as is " and in very good condition. We can provide a reconditioned-guaranteed quote as well.	1999	Midwest
5576	Firetube Boiler	Johnston	500	Johnston 500HP Firetube Boiler. Built in 2001. 4 pass wet back. Steam at 150 psi. Burns natural gas. Burner is IC 30PPM. Boiler will be re-tubed. Includes New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit w/ manual reset, Operating Limit, and Modulating Limit pressure controls. Honeywell Mod Motor, and Honeywell High and Low gas pressure switches will be installed. Has blowdown piping & valves. High and low gas pressure switches on the fireside and waterside, painted, and hydrostatically tested. The boiler will be electrically checked to identify and replace any remaining obsolete or defective components. We will guarantee that the pressure vessel is in good condition and that the boiler will pass a hydrostatic test at the time of startup. One year parts replacement warranty on all controls.	2001	Southeast
7084	Firetube Boiler	Cleaver Brooks	500	One (1) 1989 500 HP Cleaver Brooks boiler, 4 pass dry back, gas and No. 2 oil fired, 150 PSI design pressure. The boiler will be cleaned on the fireside, waterside, inside, outside, and painted. The boiler pressure vessel, tubes, piping, and blowdown valves will be hydrostatically tested. New Honeywell 7800L Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls will be installed. The boiler will be electrically and mechanically checked throughout to identify and replace any defective components. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on all controls. Price includes loading the boiler on your truck.	1989	Southeast
7170	Firetube Boiler	Kewanee	500	Kewanee 500HP Firetube Boiler. Built in 1987. steam at 250psi, Low NOx. A New Industrial Combustion burner was installed in 2010. One year warranty on the controls. Guaranteed to pass hydro test. Price includes removal and loading the boiler onto your truck.	1987	Southeast
7261	Firetube Boiler	Johnston	500	Johnston 500HP Firetube boiler. Built in 1984. 4 pass wet-back, gas/#2 oil fired with a Johnston burner, 200PSI design pressure. Price includes loading the boiler on your truck.	1984	Southeast
7262	Firetube Boiler	Johnston	500	Johnston 500HP Firetube Boiler. Built in 1987. 4 pass wet-back, gas/ #2 oil fired with a Johnston burner, 200PSI design pressure. Price includes loading boiler on your truck.	1987	Southeast
6527	Firetube Boiler	Cleaver Brooks	600	Cleaver Brooks 600HP Firetube Boiler. Built in 1987. 4 pass dry back with steam at 150psi. Model CB200-600. Runs on natural gas & #2 fuel oil. Boiler is reconditioned with all new tubes and is in excellent condition. Price includes loading on your truck.	1987	New Jersey
7020	Firetube Boiler	Johnston	700	Johnston 700HP Firetube Boiler. Built in 1989. 150psi with an IC burner. Runs on gas & #2 oil. Prices includes loading the boiler onto your truck.	1989	South Carolina

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location	
5566	Firetube Boiler	Johnston	750	Johnston 750HP Firetube Boiler. Built in 1987. 4 pass wet-back with steam at 150psi. This boiler has an IC burner and runs on gas and #2 and #6 oil. Boiler will be re-tubed, cleaned, painted, hydro tested, electrical test, all new controls by Honeywell will be installed along with a new flame safe control. One year warranty on controls. Boiler will be guaranteed to pass hydro test.	1987	Southeast
5713	Firetube Boiler	Johnston	750	Johnston 750HP Firetube Boiler. Built in 1992. 4 pass wet back, with steam at 200psi with a Johnston burner. Boiler runs on gas and #2 oil. Price includes loading onto your truck.	1992	Southeast
5714	Firetube Boiler	Johnston	750	Johnston 750HP Firetube Boiler. Built in 1993. 4 pass wet back, with steam at 200psi. Boiler runs on gas and #2 oil.	1993	Southeast
7258	Firetube Boiler	Johnston	750	One (1) 1989 750 HP Johnston Boiler, 4 pass wet back, gas / #2 oil fired, with an IC Burner, 150 PSI design pressure. Price includes loading the boiler on your truck.	1989	Southeast
7259	Firetube Boiler	Johnston	750	One (1) 1997 750 HP Johnston Boiler, 4 pass wet back, gas fired, with a Johnston 30 PPM NOx Burner, 150 PSI design pressure. Price includes loading the boiler on your truck.	1997	Southeast
6779A	Firetube Boiler	Cleaver Brooks	800	Cleaver Brooks 800HP Firetube Boiler. Built in 1992. 300psi. Runs on natural gas. Boiler will be reconditioned. Cleaned, painted, new controls with a one year warranty on the controls. Guaranteed to pass hydro and electric test. Pictures are before reconditioning. Price includes loading the boiler on your truck.	1992	Southeast
7177	Firetube Boiler	Cleaver Brooks	800	Cleaver Brooks firetube boiler 800HP, Model CB200-800, serial L-58929. Designed for 150 psi steam, burns #2 fuel oil and natural gas. Includes gas train. Is a 4 pass design, has Low NOx 30 ppm burner. Note: Boiler has been sitting a long while - will need reconditioning, new controls. Tubes have not been checked. Boiler is removed and ready for loading.	1974	Vernon, CA
7213	Firetube Boiler	Cleaver Brooks	800	One (1) 1992 800 HP Cleaver Brooks, 4 pass dry back, gas fired, 200 PSI design pressure. The boiler will be cleaned on the fireside, waterside, outside, and painted. The pressure vessel and tubes, trim piping, and blowdown valves and piping will be hydrostatically tested. New Honeywell 7800L (or equal) Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls, and Honeywell Mod Motor have been installed. The boiler will be completely rewired. The boiler will undergo a simulated test fire and will be electrically and mechanically checked throughout to identify and replace any defective components. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on the controls. Price includes loading boiler on your truck.	1992	Southeast

Asset ID	Make	HP, #/hr or MMBTU	Description	Built	Location	
7214	Firetube Boiler	Cleaver Brooks	800	One (1) 1995 800 HP Cleaver Brooks, 4 pass dry back, gas and No. 2 oil fired, meets 30 PPM on gas, 150 PSI design pressure. The boiler will be cleaned on the fireside, waterside, outside, and painted. The pressure vessel and tubes, trim piping, and blowdown valves and piping will be hydrostatically tested. New Honeywell 7800L (or equal) Flame Safeguard Controls, Honeywell High Limit with manual reset, Operating Limit, and Modulating Limit Controls, and Honeywell Mod Motor have been installed. The boiler will be completely rewired. The boiler will undergo a simulated test fire and will be electrically and mechanically checked throughout to identify and replace any defective components. We guarantee that the pressure vessel and tubes are in good condition and that the boiler will pass a hydrostatic test at the time of startup. We will give a 1 year parts replacement warranty on the controls. Price includes loading boiler on your truck.	1995	Southeast
5739	Firetube Boiler	Johnston	1,500	Johnston 1500HP Firetube Boiler. Built in 1990.150psi and runs on #6 , #2 oil and gas.(not Low NOx). Boiler is complete with an oil heater & compressor.
